DVAUCTION Broadcasting Real-time Auctions

Welcome to our 2020 Production Sale!

The entire Klain family would like to welcome you to our 38th Annual Production Sale on Feb. 1, 2020, where we will be offering a strong set of yearling bulls along with bred and open heifers. As we enter the new 2020 decade, we will be hosting our sale on the family ranch 13 miles north of Turtle Lake as we look forward to accommodating our fellow ranchers and guests at this new location.

This set of bulls continues to focus on functional genetics that support both longevity of future breeding stock as well and optimal growth traits to best maximize your bottom line. Throughout these past +40 years in the business, we have improved on our Black and Red Simmental herds along with incorporating crossbreeding to build in hybrid vigor.

Whether you're one of our many returning loyal customers or here for the first time, we're very confident that you will be impressed in our offerings this year. These bulls and females are fed a well-balanced ration of hay and silage in order keep them fresh. This is the strongest set of bulls and females ever offered here at KSR. Our powerful set of herd bulls and elite AI sires have produced exceptional calves for us to offer to you!

We would like to again thank all of our returning customers and friends as well as welcome all of our new guests to our family ranch. Lunch will be available prior to the sale where we will be having a video auction this year. The bulls and females can be viewed outside of the sale barn on or before sale day.

On Friday, Jan. 31, we will be hosting an open house at the ranch. We will have all of the sale animals available for viewing. So, stop by, have some Knoephfla soup, visit and check out what we have to offer!

Visitors welcome at all times!
