Welcome to our 2022 Production Sale!

We can't believe it has been 40 years since we sold our first bull in the ring at the Turtle Lake Sale Barn! We held our sale there for over 35 years. A few years ago, we decided to move the sale to the farm and are so grateful for all the support that has followed us through the transition!

We started this endeavor with the intention to raise Simmental cattle for the average producer that performed on a maternal as well as a carcass standpoint. Even through the ups and downs of the trends and environment in the last 40 years, that mission has never changed! Forty years ago, we wanted tall, leggy, lean bulls and today we want thick, smooth, moderate-framed bulls. Thank goodness the times have changed!

We have held true to the core of our operation – maternally strong, structurally sound, high-producing females. We believe a cattle operation is only as strong as its cows. Cows that can withstand stress, like this year's drought, and still wean off impressive calves that will go on to make great herd sires and replacement females. The female genetics you see here at KSR are second to none. It has taken years to build these proven genetics.

What a set of cattle to celebrate 40 years! Genetically and phenotypically, this set is outstanding! Unquestionably, this is one of the most adaptable and strongest set of cattle we have offered. Whether you are in the market for your next herd sire, heifer bull, or next foundation female, we have a high-quality lot for you!

Over the last 40 years, your friendship and the Simmental breed has stuck with us through the good and the bad. For that, we want to extend our gratitude for your support and friendship. These last 40 years would not have been possible without you!

Feel free to join the celebration at our open house from Friday, January 28 through Sunday, January 30. All sale lots will be available for viewing. Food and beverages will be provided from 11 a.m. to 4 p.m. each day. We promise you will want a bowl of Darcy's knoepla soup!
