43rd Annual

WELCOME!

It is with great excitement and pride that we welcome you to the 43rd Annual Klain Simmental Ranch Production Sale. This sale is an opportunity for us to showcase the results of our dedication to producing quality Simmental cattle, and we are thrilled to share it with you. Whether you are a returning customer or joining us for the first time, we are ecstatic to have you here.

This year marks a significant period of transition for our operation. Durnell and Darcy founded KSR and worked for its success for 43 years. This year they have begun to pass the torch to the next generation. While this transition brings new faces to the forefront, our commitment to breeding excellence and customer satisfaction has not wavered. The transition we are experiencing is not just one of leadership but of growth and evolution. The next generation's involvement brings a renewed sense of purpose, and we're excited to see what the future holds.

Every year, we strive to enhance our herd by focusing on sound genetics and superior performance, ensuring that the livestock we offer can help you achieve your operational goals. This year's lineup includes Simmental, SimAngus™, and Angus genetics that exemplify our dedication to quality. We're particularly excited to present the first progeny from our partnership sire, LTS HOTZ Top Shelf 5J, as well as offspring from DMF Epic, CLRS Guardian, Six Mile Mossy Oak, and more. We invite you to visit us and view this exceptional set anytime at your convenience—it's one we're incredibly proud of!

For those unable to attend the sale in person, we encourage you to take advantage of online bidding through DVAuction, where sale videos are also available. As always, we are here to help you make informed decisions, so feel free to contact us with any questions.

As we enter this new exciting chapter, your presence and support mean more to us than ever. We appreciate your trust, your business, and the relationships we will continue to build together.

Thank you!

Terms & Conditions:

All cattle sell under the recommended Sale Terms and Conditions of the American Simmental Association, these terms are available by request. All sales are final.

Guarantee:

All bulls are guaranteed breeders and healthy on sale day. The purchaser shall let the seller know within 6 months of purchase date if bull is unsatisfactory. Bulls will be returned at buyer's expense. The seller has the right to semen check the bull. If the bull is found to be unsatisfactory, the seller will replace with a bull of equal value agreed upon by both parties, or return purchase price. In no instance shall the seller be responsible for more than the purchase price.

Announcements:

A supplement sheet will be available on sale day with updated information, corrections, & sale order. This sheet and any announcements made on sale day from the auction block during the sale, will take precedence over printed material associated with the sale.

Bull Development & Delivery:

Once complete payment has been made and bulls have been semen tested in mid-April, we will assist buyers in coordinating loads to make the most economical trucking arrangements possible. Please contact Trey or Durnell for more information. During testing, we will administer pre-breeding shots, worm, and pour your bull. If you plan to leave your purchase in our care, it is suggested that all lots be insured. Any lot that remain after May 1st will be subject to yardage fees.

Insurance:

As soon as an animal is purchased, it becomes the responsibility of the buyer. Insurance will be available on sale day through Bruce Mclean at Heritage Insurance, 701.833.4704

Semen Interest:

KSR reserves the right to collect 100 units of semen on all bulls sold. Bulls will be collected at buyer's convenience and seller's expense.

Online Bidding:

Sale videos and online bidding available on DVAuction, www.dvauction.com. Please register early to ensure you are an approved bidder.

We're kicking off the sale with a eye-catching son of Top Shelf, KSR 654M- a bull that has turned heads since day one. This standout combines growth, power, and exceptional bone structure, making him a versatile addition to any program. If you are in search of a herd sire to add substance and performance, KSR 654M is your guy. Don't miss the opportunity to own one of the most exciting bulls we've ever raised!

KSR 654M isn't the only bull turning heads. His half-brothers are equally impressive, carrying the same power that defines this sire group. Be sure to take a close look at all the Top Shelf sons on sale day!

The Guardian influence shines through in the largest sire group we are offering this year. These sons and grandsons are as consistent as they come, showcasing impressive growth, power, and uniformity. With a range of options, this group truly offers something for everyone, whether you're focusing on performance, structural soundness, or herd-building potential. Their sire is one of the top purebred Simmental bulls in the API category, with a 200.2 API.

Their consistency and versatility make them a standout feature of this year's sale.

This year, we're excited to offer a strong set of Red Simmental bulls that come from a variety of sires, bringing depth and diversity to the lineup. These bulls are dark red, impressive in their structure and performance, and ready to make a positive impact on your herd.

Among them, you'll find an exceptional pair of Mossy Oak sons, which we're particularly excited about. We've been extremely impressed with this sire, and his offspring consistently stand out. In fact, we've kept all of his daughters as replacements, a testament to his breeding value. These Mossy Oak sons carry the traits we value—muscle, growth, and maternal potential—making them a valuable addition to any herd.

Any of these Reds have cow-making potential and deserve a look on sale day!

The Epic sons we're offering this year continue to showcase the strength of their sire. Epic has proven to be a steady and reliable sire in our operation, consistently producing easy-calving, nice-growing offspring. These bulls carry forward the same traits that make Epic such a standout—growth, structure, and excellent maternal potential.

Whether you're looking to improve performance or add predictability to your program, the Epic sons are sure to meet your needs. Their consistency and steady performance make them a reliable choice for any breeding program.
